N. H. STATE LIBRARY
MAR 17 2011
CONCORD, NH

DALTON TOWN WARRANT

You are hereby notified to meet at the Municipal Building in Dalton, NH on Tuesday, the 8th day of March 2011 to act upon the itemized subjects to follow. The polls will open at 8 a.m. in the forenoon and will close at 7 p.m. The business meeting will be held in the gymnasium and will be opened at 7 o'clock in the evening.

1. To elect all necessary officers for the year.

2. To see if the Town will vote to raise and appropriate the sum of Seven Hundred Sixteen Thousand Eight Hundred Eight Dollars ($716,808) for general Town operations.

3. To see if the Town will vote to raise and appropriate the sum of Twenty Five Thousand Dollars ($25,000) to be added to the Highway Department Heavy Equipment Capital Reserve Fund. Selectmen recommend this article.

4. To see if the Town will vote to raise and appropriate the sum of Twenty Five Thousand Dollars ($25,000) to be added to the Paving Capital Reserve Fund. Selectmen recommend this article.

5. To see if the Town will vote to raise and appropriate the sum of Ten Thousand Dollars ($10,000) to be added to the Fire Department Vehicle Equipment Capital Reserve Fund. Selectmen recommend this article.

6. To see if the Town will vote to raise and appropriate the sum of One Thousand Dollars ($1,000) to be added to the Sewer Pump Renovation and Replacement Capital Reserve Fund. Selectmen recommend this article.

7. To see if the Town will vote to raise and appropriate the sum of Five Thousand Dollars ($5,000) to be added to the Police Cruiser Capital Reserve Fund. Three Thousand Dollars to come from the unexpended fund balance. Selectmen recommend this article.

8. To see if the Town will vote to raise and appropriate Three Thousand Dollars ($3,000) to be added to the Pay Per Bag Replacement Expendable Trust Fund previously established for the repurchase of bags for the "Pay Per Bag" system. The source of these funds will be 25 cents from each bag sold. No taxes will be raised with this appropriation Selectmen recommend this article.

9. To see if the Town will vote to raise and appropriate the sum of Two Hundred Twenty Thousand Dollars ($220,000) for the purchase of a new grader and to authorize the withdrawal of One Hundred Thirty Thousand Dollars ($130,000) from the Highway Department Heavy Equipment Capital Reserve Fund and to authorize the Selectmen to borrow Ninety Thousand Dollars ($90,000) from long term notes and bonds. A 2/3 ballot vote is required. The Selectmen recommend this article.

10. To see if the Town will vote to establish an expendable trust fund for the purpose of purchasing a new assessing / tax software system for the Town and to raise and appropriate the sum of Eight Thousand Dollars ($8,000) to be placed in this fund. Also to see if the Town will appoint the Selectmen as agents to expend from this account. The Selectmen recommend this article.

11. To see if the Town will vote to register and disseminate to all concerned its objection, opposition and commitment to stop the construction of any portion of the 1200 Megawatt High Voltage Direct Current Transmission Line in the Town of Dalton as presently proposed by Northeast Utilities, NStar and Hydro-Quebec since such a huge scar constructed and erected through and above the Town's treasured residential and scenic private properties will cause inestimable damage to the orderly economic development of the Town, its economy, and the health and well being of its residents; or to take any other action relative thereto. Petitioned article.

12. To transact any other business that may legally come before the meeting.

CONSERVATION COMMISSION

This past year has been one of change for the Conservation Commission. The group saw the resignation of four past board members. The only remaining past member is Becky McVetty. The new members of the current Conservation Commission, in addition to secretary Becky McVetty, include chairman Doug Ingerson, assistant chairman Ed Stevens, member Dave Brewer, member Rob Blanchette, and alternate member Amy Ingerson. One alternate position remains open.

As a group, the Conservation Commission can direct land owners to the proper agency and help find forms needed to assist them anytime they have questions regarding wetlands, sutting, excavation, etc. In addition, are working on our Conservation Plan and our report for the Master Plan.

Meetings are open to the public and are held on the third Thursday of every month at 6:30pm. All are welcomed to attend.

Respectfully Submitted,

Douglas G. Ingerson Jr.
Chairman, Conservation Commission

DALTON HIGHWAY DEPARTMENT

First and foremost, we are always pleased to report that the highway crew had another safe and productive year.

Boom mowing hadn't been done since 2006, and so was completed last year around town on all the roads that were in need of it.

A wood shed was built around the wood boiler by the highway crew. The wood boiler has worked out extremely well and has been a definite asset in these times of high fuel costs.

Our 1990 grader needs to be replaced. With 26 miles of gravel road to upkeep, the expenses of repairing the old grader by far outweighs the cost of a new piece of equipment. We hope to have the Town's support in voting to purchase a grader this year.

The loyal hard work of Jeff Young and Rob Blanchette is, as always, greatly appreciated, as well as the support of all the Town's department heads and staff.

Every year, calls with questions and concerns are encouraged and this year is no exception. The number at the highway garage is 837-9821. Messages are returned as soon as possible, and all calls are welcomed.

Respectfully submitted,
Robert C. Wentworth Jr.
Road Agent

DALTON FIRE DEPARTMENT ANNUAL REPORT

The Dalton Fire Department responded to 62 calls in 2010, a significant increase over 2009. The Fire Department reached their goal of responding to Emergency Medical Calls in Dalton last year. The Fire Department started responding to EMS calls in September of 2010. The Fire Department responding to EMS calls has dramatically reduced response times. Early assessment, stabilization and ALS intervention have been a major benefit to patients. Whitefield Ambulance continues to transport Dalton patients, their professionalism and dedication is appreciated.

The Dalton Fire Department currently has 32 members. We currently have a good mix of experienced members and new members who are learning the knowledge and skills necessary to take over in the future. The dedication of all members makes for a strong competent department.

I would like to take this opportunity to thank a number of people and organizations for their help and support in 2010. First and foremost are the members, who respond to emergencies day and night, in extreme heat and cold, leaving meals, family events and being awaken from a sound sleep. These members are trained and prepared to respond to any emergency, not knowing what that might be until toned to respond. The Fire Department could not operate without these dedicated members. I would also like to thank the members families who tolerate the hours spent on fire service. Their support is appreciated. I would like to thank the Mutual Aid Systems that provide recourses in the event of large emergencies.

The Dalton Fire Department would like to extend a special thank you to the Dalton Auxiliary. The Auxiliaries support of the Fire Department has been extraordinary to say the least. The Auxiliary provided dinner, home baked goods and drinks every night of the First Responder class at no charge to the town. They purchased and donated two Automatic External Defibrillators to the Fire Department. The Auxiliary is always on standby to provide the Fire Department with food, drinks and support at fire scenes. The Dalton Auxiliary provides and supports many projects in Dalton and is a great organization.

Dalton Police Chief John Tholl has continued to help and support the Fire Department. Chief Tholl dedicates a great deal of time to the Town of Dalton at many different levels, his efforts are appreciated. The Police and Fire Department work together on many emergency scenes. They are well trained and professional, the departments work well together. Their help and support are essential in handling emergency scenes. The Dalton Highway Crew is unique; all three members are state certified, experienced firefighters and are members of the Fire Department. The Highway Crew respond to fire calls during the daytime. In a town where most members work out of town this makes daytime coverage possible. Road Agent Bob Wentworth and his crew also maintain the Fire Department trucks and equipment and make repairs when necessary, saving the town down time and money. Cathy Fountain works to maintain the town's computers, set up and maintains the town's web site and helped me to purchase and set up a fire program to help with bookkeeping. Cathy donates many hours to the town, her help is appreciated. I would like to thank Town Clerk Sandra York. Sandy is a major asset to the Fire Department; she answers questions, coordinates meetings and helps track my budget to name a few. Sandy supports the Fire Department and was instrumental in helping to start the First Responder Service. Sandy is easy to work with and is an asset to the town. The department heads met on a regular basis last year and worked as a team accomplishing many projects thru out the year. The Dalton Board of Selectmen supported the Fire Department and was behind the First Responder Service from the beginning. The board offered their knowledge and assistance, their help and support made my job easier.

The Dalton Fire Department would like to thank the people of The Town of Dalton who supported the starting of the First Responder Service. The need for a First Responder Service in Dalton has become obvious, even the Fire Department may have under estimated the need. Emergency Medical Calls are the largest call volume for the Fire Department. Fire Department members have made a real difference in the outcome of patients needing this service by offering quick response, scene stabilization and advance life support. We would also like to thank the Littleton Regional Paramedic Program and the Weeks Paramedic program. These programs offer Advance Life Support to communities that would otherwise not have this benefit.

The current roster; Chief Ron Sheltry, Assistant Chief Mark Jacobs, Captain Bob Wentworth, Captain Tom McVetty, Lieutenant Rob Blanchette, Lieutenant John Bean, Aaron Packard, Brett Hucksoll, Tiny Miller, Allan Blakslee, James Sherwood, Dan Way, Bob Giroux, Shawn Giroux, Jeff Young, Jenny Stark, Ed Stark, Harvey Call Jr., Fred Paul, Carol Sheltry, Ed Tibbets , Peter Tibbets, Kathy Barden, James Hussey, Amanda Bell, Tony Alba, Shawn Sherwood, Patty Call, Bruce Walsh, Asia Bash, Brenda Ruggles, Dave Doolan

REMEMBER: SMOKE AND CARBON MONOXIDE DETECTORS SAVE LIVES

Respectfully submitted,
Ronald Sheltry
Dalton Fire Department Chief

PLANNING BOARD

Although the 2010 year did not have many applications, it was still a productive year. We are waiting for maps to be prepared and the master plan will be complete. We attended training sessions reinforcing our current knowledge.

The subcommittee looking into possible zoning ordinance decided that before zoning ordinances are prepared, the master plan should be finished and the current subdivision regulations should be updated.

As always, the planning board welcomes public input. Join us at our meetings which are the first Wednesday of every month at 7pm.

Respectfully submitted,
John Letson
Chairman

LIBRARIAN REPORT

CIRCULATION:	
Adult Materials	1205
Children's Materials	785
Magazines, Videos, etc.	136
TOTAL CIRCULATION:	2126
ACCESSIONS:	
Adult Materials	232
Children's Materials	435
Reference Materials	15
Video / Audio	25
Periodicals	9
TOTAL ACCESSIONS:	716

The classroom next to our library was divided to allow the library to expand into the next room. The adult non-fiction and reference as well as the computer stations were moved into the space this past summer. We would like to thank the many volunteers that helped to accomplish this task as well as the ongoing work they continue to do each week. As there is no storage in this building for our supplies a small storage cabinet was purchased. The library is waiting for the small sinks in both rooms to be removed to allow us more useable space. We are seeking a locked glass front bookcase to house our NH collection, some of which is in storage until space is available.

The library completed phase two of the Bill & Melinda Gates Grant by providing a second public access computer in the library bringing our total to three with printers for the public. During the next three years the grant funds will be used for upgrades and maintaining the public access equipment. Internet is provided free to the patrons although there are lots of issues with the current system in the building and we are looking to improve the service to our patrons.

I attended the Library Trustees Association; The Library Association; as well as the American Library Association conferences this year. The children's library conference was held again this year in Manchester with the information to help with summer reading as well as other children and young adult issues and collections. The Small Library Summit held biannually was held in Concord with a focus on small library concerns. The local library meetings provide guidance and collaboration and continue to provide our patrons materials that are not in our own collection.

Books pulled for the book sale are stored at the Dalton Town Hall until our sales. Our next sale will be the last part of April. We use this money to purchase more books.

The increase in the library circulation can be contributed to the increase in donated books to the library from patrons. Well over 500 children's books were donated this year from Mary Kay Sherman of Gumdrop Books, as well as several adult books picked up at the state and national conferences. Dalton Public Library provides programs during winter and summer for children of all ages. The activities and happenings here are accomplished with the help of the many volunteers that provide time, assistance and money. We thank all who have been so generous with their donations and gifts to the library.

The library hours are: Monday 2-7 Wednesday 2-5 and Saturday 10- noon.

Respectfully submitted,
Doris Mitton, Librarian

Trustees: Margaret Michaud; Jean Abbott; & Nancy Comeau

POLICE DEPARTMENT

2010 again saw change in the police department. Sgt Mario Audit and Officer David Fleming both left the department, and sadly Officer Fleming passed away. During much of 2010 the department consisted of only 2 members. Happily during July two new members were welcomed to the department. They are; Officers Antoin (Tony) Alba and William (Bill) Palya. Officer Alba comes to us from the US Marine Corps and Officer Palya is a 20 year veteran from the Collier County Sheriff's Department in Florida.

Criminal Investigations were up as well as Accident Investigations and court hours.

Simple Assault	3	Intimidation	3
Arson	1	Burglary	11
All Thefts	14	Forgery	1
Criminal Mischief	4	Statutory Rape	1
DWI	3	Criminal Trespass	3
All Other Offenses	4	Traffic Courts	7

Citizen Contacts (not resulting in criminal action but needing documentation) 41

Traffic Contacts (non court action) 42

Accidents Investigated 17

The members of the Dalton police Department would like to thank the citizens of Dalton for their continued assistance in making Dalton a better place to live.

As always if you have an emergency please dial 911 and if you need to speak with an officer please call 846-3333 (Troop F) and a Dalton officer will contact you. For routine non critical incidents please call 837-2703 and if an officer is not in the building leave a message with Sandy or on the department's voice mail.

If you should make a mistake and dial 911 by accident, DO NOT HANG UP, just stay on the line and tell the operator that you misdialed. Otherwise an officer will be required to contact you either in person or by phone to verify that you are safe and not in peril.

Respectfully submitted, John E. Tholl Jr., Chief of Police

EMERGENCY MANAGEMENT

2010 saw some changes to the EOC (Emergency Operations Center). With the addition of another computer and a new digital base station the town moves closer to being able to provide emergency assistance and control during a manmade or natural disaster.

Respectfully submitted, John E. Tholl Jr., EMD

MOUNT WASHINGTON REGIONAL AIRPORT

During 2010, Mount Washington Regional Airport closed out construction of a new taxiway that improves safety, capacity and hangar access. This $325,000 project was 97.5% funded by federal and state sources, bringing construction jobs and funds to our region. Airport funds paid for the rest.

The airport continues to be a base for Civil Air Patrol and medical helicopter operations, as well as Angel Flight, which (through locally based pilots) provides free, non-emergency medical flights to patients in need. We also host many visitors, such as parachuting clubs and powered parachutes, along with business and leisure travelers and second-home owners, all of whom bring revenue to our local communities and area businesses.

As you may know, the airport has been successful in applying for and receiving additional grants to fund more work locally. An environmental assessment is underway and works on an improved apron ramp and a building to house the airport-owned snow removal equipment will get underway in the spring.

Importantly, during 2010, supporting towns approved an amendment to our Intermunicipal Agreement that more accurately reflects how we operate and how the all-volunteer board that oversees the airport is recognized by the state. The amendment has been reviewed and approved by the New Hampshire Attorney General; summary and complete copies are available at the offices of all member towns. We thank you for your support of the amendment on your town's 2010 warrant.

Looking ahead, we plan to continue working to improve the safety and functionality of the airport, which is a critical part of the North Country's transportation infrastructure. We will continue to fund the bulk of our ongoing operation through fuel sales, hangar leases, parking fees collected from transient pilots, and donations from businesses and individuals who recognize the value of this unique resource.

Through careful management, strong volunteer engagement, and steady but modest increases in revenues generated from airport users, we have been able to maintain a level per capita sponsor town share again this year, as we've done for the past decade. We appreciate your ongoing support of the airport.

All of our meetings are open to the public. In most months, we meet on the last Tuesday; you can check by calling ahead. We encourage you to visit the airport—during our meetings or as you're just out and about.

Edward Stevens, Chairman/Airport Manager

THE MERCIER GROUP
INDEPENDENT AUDITOR'S REPORT

We have audited the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Town of Dalton, New Hampshire as of and for the year ended December 31, 2009, which collectively comprise the Town's basic financial statements as listed in the table of contents. These basic financial statements are the responsibility of management. Our responsibility is to express an opinion on these basic financial statements based on our audit.

We conducted our audit in accordance with auditing standards that are generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the basic financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general-purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the basic financial statements referred to above present fairly, in all material respects, the financial position of the governmental activities, each major fund and the aggregate remaining fund information of the Town of Dalton, New Hampshire, as of December 31, 2009, and the respective changes in financial position thereof for the year then ended in conformity with accounting principals generally accepted in the United States of America.

The management discussion and analysis and budgetary comparison information in the section marked *Required Supplementary Information* are not a required part of the basic financial statements, but are supplementary information required by accounting principals generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquires of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and therefore express no opinion on it.

Our audit was performed for the purpose of forming opinions on the basic financial statements taken as a whole. The accompanying schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly presented in all material respects in relation to the basic financial statements taken as a whole.

Note: Due to the auditor's scheduling the 2010 audit has not yet been performed.

LUNENBURG, GILMAN, CONCORD SENIOR CITIZENS, INC

The Senior Center, independently run, is located on Riverside Avenue, in Gilman, Vermont.

Our kitchen served 12,621 meals this year to people 60 years old and their spouses. This includes Homebound deliveries in Lunenburg, Gilman, Concord and Guildhall. Congregate and Homebound meals are served Tuesdays - Fridays at 12:00 noon.

Homebound meals are delivered by volunteers, using their personal vehicles. At this time we deliver from Kirby Mountain all the way to Guildhall. The volunteers are given a mileage reimbursement through the Vermont Area Agency on Aging.

The center also sponsors many events that are open to the public. The Center has Bingo each and every Monday starting at 6:30p.m. We have been blessed with folks who are willing to volunteer their time for the enjoyment of others. The Center has been rewarded from this endeavor as we were able to get some expensive repairs done that were urgently needed. The Center also has trips, sponsors Flu shots, Blood Pressure Clinics, and has volunteers' that will help with tax preparation in the spring. It is also available for receptions, dinners and church services

The Emergency Food Assistance Program (T.E.F.A.P.) is another service the Senior Center offers through the Vermont Food Bank to income eligible families, regardless of age. Volunteers inventory, bag, and distribute the food approximately the third week of each month. We distributed over 1,000 bags of food, last year to needy families. If you or someone you know needs information about this program you can stop by the center or call (802) 892-6616.

Our famous "Boutique" is open Tuesday thru Friday 9:00am to noon or by appointment. Clothing donations are gratefully accepted. The Boutique is also used to help victims of fire or displacement. They are invited to take whatever they need or want, at no cost. Available also through our Center are medical equipment such as port a potty's, tub chairs, walkers, canes, crutches and on occasion wheel chairs. We loan them at no cost to anyone in need.

An advocate from the Area Agency on Aging for Northeastern Vermont, located in St. Johnsbury is available to help people with food stamps, fuel assistance, Social Security, and Medicaid/Medicare. There are also volunteers available to help with Tax Rebates, and companionship. Information about these programs is available by calling the Area Agency on Aging at 1-800-642-5119.

We are always looking into grants that make it possible to fund major repairs as the grant that replaced the failing boiler this year without going to the communities. Continued community suppport for the center will go a long way to help keep our routine services and costs for the elderly available, when and where needed.

I respectfully thank you for your consideration and all that you do for our Senior Center each and every year. Without your help it would be impossible to continue serving our community.

Respectfully submitted,
Aprel A. Woods
President / Chairman

CALEB INTERFAITH VOLUNTEER CAREGIVERS

Caleb Interfaith Volunteer Caregivers, a not-for-profit organization which was established in October of 1995, continues to provide services to older adults in 8 northern NH communities. Caleb's heartfelt mission is to enhance independent living for seniors (60+), by relieving isolation and assisting with friendly visits, care and supportive services through a network of volunteers and the fostering of caring communities.

In 2010, Caleb Caregivers celebrated its 15th anniversary and is still going strong serving the seniors of the North Country. Caleb's 2010 statistics show that volunteer hours, miles and trips have exceeded last year's figures by leaps and bounds. This growth shows just how much Caleb Caregivers is needed in the local communities. Caleb assisted more than 297 Bethlehem, Dalton, Groveton, Jefferson, Lancaster, Littleton, Twin Mountain and Whitefield seniors. Over $65,886.00 worth of services were provided FREE to clients. Caleb's 74 active volunteers donated over 3,160 hours, drove over 37,501 miles, and made 4,169 trips to help their older neighbors remain independent! Without these dedicated volunteers, Caleb would not exist. These volunteers give their time, their talents and most of all their hearts. Transportation to medical appointments and running errands is one of the most requested services through Caleb. Many of Caleb's trips were local, but some of our trips took us to Hanover, North Conway, Manchester, Concord, and St. Johnsbury. It costs $2.00 per mile, plus a waiting fee, to take a ride in a local taxi cab. Caleb Caregivers does more than just alleviate financial burdens through a free ride, it offers companionship that makes it a personalized experience for the senior.

Transportation is only one of the services that Caleb volunteers provide. Caleb volunteers provide other services as well; friendly visiting, telephone reassurance, help with chores, paperwork, computer training and light housekeeping are to name a few. Caleb volunteers also assist with various community programs, such as the Commodity Supplemental Food Program. This state run program is available, every other month, to NH seniors that are 60+ and that financially qualify. Caleb volunteers help distribute this food to seniors, who are homebound. Volunteers also help with Caleb's Pet Food Project, which began in October of 2002. Since this time, Caleb has distributed over 36 tons of FREE pet food/litter to help seniors feed their pets. Caleb's Project Cool Air provides air conditioners and fans to seniors that need the appliances during the summer months. Most of the seniors that receive these appliances have COPD or some other health related condition. Caleb is able to offer this service due to the generosity of the Lancaster and Littleton Rotaries. Without the various services that Caleb provides, many older adults who need just a little extra help to continue living independently, might have had to go into a nursing home. The average cost of nursing home care is $210.00 per day.

There are no fees for the services that are provided by the Caleb Caregivers. The program is funded through grants, fundraisers, donations, appeals and generous appropriations of the towns in which the services are provided. We want to thank the residents of Dalton for their support and for making it possible for us to continue our mission of serving seniors in need. The $1,650.00 appropriated at last year's Town Meeting was greatly appreciated, and we ask for your continued support in 2011.

Volunteers are always in great demand, so if you would like to become a volunteer, request a volunteer, or know someone who would benefit from our services, please call the Caleb Office at 837-9179, or contact one of the Board Members.

Respectfully submitted,
BOBBIE GAUDES

WHITE MOUNTAIN MENTAL HEALTH & COMMON GROUND

In a difficult financial environment for human service organizations, I am happy to report that there has been a great deal of positive activity this year at Northern Human Services. Both our mental health and our developmental services programs have been able to look upon the challenges of the past year as opportunities to develop creative, efficient, accountable innovations. Some highlights:

- Telemedicine expanded to serve local hospital emergency rooms. In partnership with all seven hospitals in the NHS service area, we have begun offering emergency mental health evaluations via video. Hours of wait time and costly and dangerous travel will be eliminated by this service, made possible by a federal HRSA grant.
- Children in need of expert evaluation by a child psychiatrist continue to be seen by a Dartmouth Child Psychiatrist, via video, from our Littleton office. Feedback from children and their families has been very positive.
- In this tough economy, employment is a huge challenge for many of our clients. To respond to this need, we have hired a supported employment specialist who is specially trained in assisting persons with mental illness to seek, obtain and keep jobs. This is one of the "evidence-based practices" we have implemented, using methods that have been proven to be effective in studies across the country. Many North Country businesses are welcoming our clients as employees, and finding them to be great employees.
- Common Ground hosted the director of an organization in Adelaide, Australia. This is the latest in a series of visits from agencies around the world. These organizations have been referred to visit us due to the quality of our services and our individualized approach to meeting people's needs.
- We have implemented training via the internet for our staff, saving substantial money and time and offering our employees a huge array of educational options.
- Our student services program continues to provide extensive supports to school-aged children whose families and schools want them to remain in the community. This service prevents costly and disruptive placements away from family and friends.
- Our Woodsville Common Ground office, located at St. Luke's Hall, has grown substantially this year, with three service coordinators, a nurse and a housing specialist providing services in the southern part of our service area.

All of these varied activities depend on the support of our towns. This year our mental health offices served 17 people from the Town of Dalton, providing 197.94 hours of counseling. Our developmental services program, Common Ground serves 102 throughout the area.

Thank you for your continued support of our services. We want to be here when you need us.

Respectfully Submitted,
Jane C. MacKay, LICSW
Area Director

REPORT TO THE PEOPLE OF COUNCIL DISTRICT ONE

Writing this report to the citizens of District One is always an interesting undertaking to try to condense on one page a quick look at where your NH State government might be headed in 2011 and the years ahead.

There have been significant changes in the membership of the Legislature and Executive Council at the NH State House. This coupled with a serious lack of money to accomplish basic needs as currently being delivered will certainly present challenges for NH House and Senate members. My suggestion is to stay in close touch with your local Senators and House Members. To find your local State Senator and House Members go to:

http://gencourt.state.nh.us/house/members/wml.aspx

Another good source for information is your local library or Town/City Clerks Office.

This is the planning year for the 10 year transportation plan. Highway, rail, aviation, and public transportation projects are all a part of the hearing process that the five Executive Council members will be holding. Hearings are held in each of our Districts. Local information from the area regional planning commissions is key to having successful projects included in the proposed plan which is delivered by law to the Governors desk by December 15, 2011 and the by law to the NH House and Senate by January 2012.

I cannot emphasize enough the urging of local citizens to volunteer for the dozen of volunteer boards and commissions which the Governor and Council are required to find individuals to serve on. For a list of those commissions go to: http://www.sos.nh.gov/redbook/index.htm. If you are interested in serving send your letter of interest and resume to Jennifer Kuzma, Governors Office, 107 North Main St., Concord, NH 03301. Tel: 603 271-2121.

There are three District Health Councils in District One that meet 3 times a year to hear directly from the Commissioner of Health and Human Services. If you are interested in being added to this list send your email address to me at ray.burton@myfairpoint.net.

As always, my office has a supply of NH Constitutions, official tourist maps and other information about the Executive council. I am always available to speak with local groups.

It is an honor to represent your region.

Raymond S. Burton

NORTH COUNTRY COUNCIL

We would like to thank all of you for your support of the North Country Council this past year. We have made a number of positive changes and completed a number of projects throughout the region. Once again, we reaffirmed the Council's commitment to serve community and regional needs.

The Council continued to deliver planning and economic development services throughout the region. We have and we will continue to adjust our capacities to respond to the needs of the communities and you will see this in the programs that we will be introducing in the coming years. We have continued with our traditional programs in master planning, natural resource planning, Brownfields Assessments and transportation planning, and these will continue to be a focus of North Country Council. As many of you have seen, there is also a renewed emphasis on energy planning. We have started to provide technical assistance for energy planning and this will continue. North Country Council along with the eight other planning commissions also applied for funding from the Housing and Urban Development agency through the Sustainable Communities Initiative which will provide additional resources to help the region and communities in the development of regional and community plans.

In economic development we continue our strong relationship with the Department of Commerce and the Economic Development Administration (EDA) in bringing funding and project development to the region. Two projects in which we are very involved with the State and the local communities are the reuse of the Groveton Mill and the natural gas and methane pipeline to the Gorham paper mill. These along with other economic opportunities will continue to be a focus in the coming year.

Again, thank you for all of your support for the Council. We hope that our staff and Executive Director can continue to be of service to your community. The Council is here to serve you. It is your organization. Our staff and Board are committed to responding to community need. If there is a project or a need in your town, please call us. We are dedicated to both supporting our individual towns and promoting regional unity in the North Country.

Thank you for the privilege of allowing us to serve as your President and Executive Director.

Respectfully submitted,

Glenn English
President

Michael King
Executive Director

FRIENDS OF THE DALTON TOWN HALL

It has been a busy year for the Friends of the Dalton Town Hall. Our dinners in February and November were successful as well as the chicken BBQ last summer. With these and other fund raising efforts including donations by some generous and supportive friends we have been able to keep the building open for public use.

Over the past year people have used the Town Hall for some birthday parties and a wedding reception. It is also still being used by various groups regularly for things such as meetings, card parties, social gatherings. Many have come to enjoy our community bonfires, and the 2nd annual fall fun and craft day where kids enjoyed carving pumpkins, painting windows, and many other fun crafts. This year we had our first New Years Eve bonfire with pot luck dinner. Many came to enjoy good food and company. Some brought their Christmas trees to throw on the fire, and kids had a lot of fun playing and sliding on the snow bank.

We thankfully received a grant from the Louise Tillotson Fund through the New Hampshire Charitable Foundation with which we have been able to use towards our fire code upgrades to the building. The 1st phase is completed, and by town meeting time we expect to have the 2nd phase complete with the 3rd and final phase nearly complete or completed. After completion this will enable us to increase our assembly permit giving us more flexibility for public functions.

Many thanks to all who have lent their support including the many hours of volunteer time spent. Also thanks to the support of the selectmen and other town officials. Our group looks forward to continuing our efforts to keep this very historic building open for the public to continue to enjoy.

Respectfully submitted
John Bean, President

SELECTMEN'S REPORT

The Board of Selectmen would like to thank all the volunteers that help us throughout the year. Volunteers help keep our services high and our taxes down. A lot of time, dedication, learning and participation goes into being a volunteer. Anyone interested in being a volunteer member of a Board, Commission or giving volunteer time to your town please contact us.

This past year the Police Department has seen many changes. Officer Mario Audit resigned from the police department and Officer David Fleming passed away. Officer Fleming was a former New York City police officer, Marine and a published author, we will miss him.

We have two new officers to the department who reside in town, Officer William Payla and Officer Tony Alba. Officer Payla was a 20 year veteran of the Sheriff's Department in Ocala, Florida. Officer Tony Alba has lived in Dalton for several years and served two tours of duty with the Marine Corp in Iraq. Tony graduated from the New Hampshire Police Academy in December of 2010. The addition of these two officers has enabled the police department to establish routine patrols and become more visible throughout town .

This past year the Fire Department formed a Fast Squad. This emergency medical team provides fast and effective stabilization of patients in a very short time. Our fire department, with the help of many dedicated volunteers is a huge asset to the town. Many hours of training for the fast squad were held at the municipal building with the Dalton Auxiliary providing supper to the participants 3 nights a week as well as purchasing 2 defibrillation unit for the newly formed Fast Squad. To learn more about the Fast Squad contact Dalton's Fire Chief, Ron Sheltry.

The Dalton Highway Department is comprised of 2 full time employees and the road agent. Our highway department is responsible for many things other than the care of our town roads. Additional duties include operations of our transfer station; building and grounds maintenance, rubbish removal and maintaining our sewer pump station. What we like the most about our road crew is their can do attitude. This year they were instrumental in the re-opening of Forest Lake State Park. These tasks are over and above what their expected duties are. The 3 members of the highway department are certified firefighters and active members of the fast squad.

This year we are asking to replace the town's 1989 grader. The Board of Selectmen fully support replacing the current grader. It is no longer cost effective to keep the old machine operating. In order to properly maintain our gravel roads a good grader is a necessity.

Department heads are meeting with the Administrative Assistant once a month to better coordinate the operational need of the town. We believe this new program will make us more efficient and cost effective.

The town has a newly formed recreation department that will be working on many activities for 2011. Meetings are held on a monthly basis and the department welcomes new ideas, help, volunteers and suggestions.

Our municipal building is being well utilized by the general public. Currently the Whitefield Recreation Program is using the building for girls and boys basketball practice. There are suppers, fund raisers, parties, training sessions, meetings and many other activities in the building.

The Computer Cafe is enjoyed on a daily basis by residents who do not have access to high speed internet service. Pay your bill, do research or simply surf the internet. This is a free and wonderful asset.

Our library trustees, librarian and volunteers have done a remarkable job transferring books and reference material to their Municipal Center location. It is a safe and pleasant place to bring your children or yourselves. Please stop in and visit.

One of the high points this year was the re-opening of Forest Lake State Park. The Town of Dalton spear headed this project by coordinating police, fire, public works and community volunteers It is now a safe and clean park to bring your family. Next year promises to be another successful year. Forest Lake Association will be taking an active role next season and if you or your business would like to be part of a worthwhile project, contact Selectman Mike Crosby.

We would like to thank the "Friends of the Dalton Town Hall' for maintaining, as well as, upgrading the old Town Hall. The building is being used by town residents and organizations for meetings and numerous other activities.

Northern Pass transmission project is the construction of a direct current transmission line that will like Hydro-Quebec's hydroelectric system with the New England grid. It promises to bring renewable energy to New Hampshire and several other New England States. Unfortunately the project is at the expense of Dalton and several other north country towns. The Board is monitoring the impact the proposed transmission lines will have to our residents and taxpayers.

One of the goals for 2011is to get a system in place to address building inspections and permitting. We will be looking into enacting an ordinance to address this issue.

Respectfully submitted,
Michael Crosby, Victor St. Cyr, Brian Hardy

2009 TOWN MEETING MINUTES

You are hereby notified to meet at the Municipal Building in Dalton, NH on Tuesday, the 9th day of March 2010, to act upon the itemized subjects to follow. The polls will open at 8 a.m. in the forenoon and will close at 7 p.m. The business meeting will be held in the Gymnasium and will be opened at 7 o'clock in the evening.

Moderator Jeffrey Woodburn opened the meeting at 7 pm and stated the rules to be followed for the evening.
Stanley Mittlemann led the meeting in the pledge of allegiance.
Moderator Jeffrey Woodburn recognized town officials that were retiring from their positions.

2. To see if the Town will vote to raise and appropriate the sum of One Hundred Thirty Thousand Dollars ($130,000) for the purchase of a new loader and to authorize the issuance of not more than One Hundred Thirty Thousand Dollars ($130,000) of bonds or notes in accordance with the provisions of the Municipal Finance Act (RSA 33) and to authorize the Selectmen to issue and negotiate such bonds or notes and to determine the rate of interest thereon. A 2/3 ballot vote is required. Motion by Victor St.Cyr to accept the article as read, seconded by Michael Crosby.
